FAQs

This would be a fantastic opportunity for my board, how do I learn more?

Contact us through 'Ask about this service' and one of our team will be in touch.

What information can I provide?

Help us learn more about your organisation by providing us with:

- Your organisation's name and a key contact
- Where you are based
- Some written background about your organisation and why you would benefit from this programme
- A short video (optional)

For not-for-profit boards

How does the programme work?

We know our not-for-profit boards don't often have large (if any) training budgets. Therefore, not-for-profit boards will be supported by funders to participate in this service.

A sponsor will be asked to fund \$10,000 per board (up to 10 board members) for the six-month programme.

How do I find a sponsor?

Reach out to Local Council, Trusts or Philanthropic Funders to sponsor you. We can support you to identify who is in your region.

With the information you provide us, we may be able to match you with funding – but recommend you begin with investigating options yourself.

When does the programme start?

Intakes for the programme will start from February 2024.
